2021 Modeling, Estimation and Control Conference (MECC 2021) <https://mecc2021.a2c2.org>

October 24-27, 2021 (Sunday – Wednesday)

Hybrid: Online and University of Texas at Austin, U.S.

MECC 2021 Tentative Key Dates

Deadline for session proposals:	April 02, 2021
Deadline for submission of papers:	April 02, 2021
Notification of acceptance/rejection:	June 18, 2021
Final manuscript submission deadline:	July 16, 2021

The inaugural Modeling, Estimation and Control Conference (MECC 2021), sponsored by the American Automatic Control Council (AACC) and co-sponsored by the International Federation of Automatic Control (IFAC), will be held October 24-27, Sunday-Wednesday, 2021, online and at University of Texas at Austin, Texas, United States. On behalf of the MECC 2021 Organizing Committee, AACC, and IFAC, we cordially invite you to participate in the conference and enjoy a unique opportunity to network with colleagues online and/or in Austin, Texas, United States.

MECC 2021 aims to serve the scientific and engineering communities with interests in the modeling, estimation, and control of cross-disciplinary mechanical systems; to provide a platform for the dissemination and discussion of the state of the art in relevant research areas; and to create opportunities for networking with colleagues. The conference features conference awards, contributed sessions, invited sessions, workshops, special sessions, plenary talks, keynote speeches, student programs, as well as committee meetings, industry programs, and social functions.

MECC 2021 invites (1) manuscripts that report original research on all aspects of modeling, estimation, and control; and (2) proposals for invited, special, and tutorial sessions, and workshops on emerging topics. Exhibits from both industries and research labs are welcome. All manuscripts and proposals will be peer-reviewed through [PaperCept](https://ifac.papercept.net) (<https://ifac.papercept.net>). For more detailed information, please check the conference website: <https://mecc2021.a2c2.org>. All accepted papers must be presented online or on-site at the conference by an author of the paper. Online access to conference papers will be given to all registered attendees at the start of the conference. MECC 2021 conference proceedings will be published via [IFAC-PapersOnLine](#) which is **open access** and indexed in EI, Scopus, Web of Science, and INSPEC.

Registration discounts will be offered to all members of AACC, IFAC, and their member societies such as [AIAA](#), [AICHE](#), [APS](#), [ASCE](#), [ASME](#), [IEEE](#), [ISA](#), [SCS](#), and [SIAM](#).

Copyright conditions:

All publication material submitted for presentation at an IFAC-sponsored meeting (Congress, Symposium, Conference, Workshop) must be original and hence cannot be already published, nor can it be under review elsewhere. The authors take responsibility for the material that has been submitted. IFAC-sponsored conferences will abide by the highest standard of ethical behavior in the review process as explained on the Elsevier webpage (<https://www.elsevier.com/authors/journal-authors/policies-and-ethics>), and the authors will abide by the IFAC publication ethics guidelines (<https://www.ifac-control.org/events/organizersguide/PublicationEthicsGuidelines.pdf/view>).

Accepted papers that have been presented at an IFAC meeting will be published in the proceedings of the event using the open-access IFAC-PapersOnLine series hosted on ScienceDirect (<https://sciencedirect.com/>). To this end, the author(s) must grant exclusive publishing rights to IFAC under a Creative Commons license when they submit the final version of the paper. The copyright belongs to the authors, who have the right to share the paper in the same terms allowed by the end user license, and retain all patent, trademark and other intellectual property rights (including research data).
